Statewide DE Evaluation Decision Tree
## Check the Evaluation Continuum to determine survey delivery method (paper Scantron® vs. online)

MICHIGAN FITNESS FOUNDATION

DE with PreK-2nd grade aged children

Process & Outcome Survey

Parents will be sent a survey for every series that includes both process and outcome items.

Process & Outcome Survey

Post-only

Scantron®:
Parent Survey [543]

Online Survey:
See Online Survey Table for intervention specific links

Physical Activity Considerations

PA questions are included on each survey

DE with 3-5th grade aged children

Process vs. Outcome Survey Decision

Participants in every series will receive **either a process or outcome survey.** Rotate which survey is used with each series of an intervention, starting with process. **Tip:** Each educator can track and rotate between surveys for each series they deliver.

Process Survey

Post-only

Scantron®:
Program Evaluation (Youth) [126]

Online Survey:
See Online Survey Table for intervention specific links

Outcome Survey

Post-only

Scantron®:
That's Me: My Choices [525]

Online Survey:
See Online Survey Table for intervention specific links

Physical Activity Considerations

If program has a PA component comprehensive enough to expect PA-related behavior outcomes, add this survey in series with outcome survey:

Pre & Post: 4th Grade and Older

Scantron®: Physical Activity Screener for Youth [115/116]

Online Surveys: See Online Survey Table for intervention specific links

---

DE with 6-12th grade aged children

Process vs. Outcome Survey Decision

Participants in every series will receive **either a process or outcome survey.** Rotate which survey is used with each series of an intervention, starting with process. **Tip:** Each educator can track and rotate between surveys for each series they deliver.

Process Survey

Post-only

Scantron®:
Program Evaluation (Youth) [126]

Online Survey:
See Online Survey Table for intervention specific links

Outcome Survey

Pre & Post

Scantron®:
Fruit & Vegetable Screener for Youth [103/104]

Online Surveys:
See Online Survey Table for intervention specific links

Physical Activity Considerations

If program has a PA component comprehensive enough to expect PA-related behavior outcomes, add this survey in series with outcome survey:

Pre & Post

Scantron®: Physical Activity Screener for Youth [115/116]

Online Surveys: See Online Survey Table for intervention specific links

---

DE with adults (18+)

Process vs. Outcome Survey Decision

Participants in every series will receive **either a process or outcome survey.** Rotate which survey is used with each series of an intervention, starting with process. **Tip:** Each educator can track and rotate between surveys for each series they deliver.

Process Survey

Post-only

Scantron®:
Program Evaluation (Adults) [124]

Online Survey:
See Online Survey Table for intervention specific links

Outcome Survey

Pre & Post

Scantron®:
Food Questionnaire for Adults [120/121]

Online Surveys:
See Online Survey Table for intervention specific links

Physical Activity Considerations

If program has a PA component comprehensive enough to expect PA-related behavior outcomes, add this survey in series with outcome survey:

Pre & Post

Scantron®: Physical Activity Screener for Adults [113/114]

Online Surveys: See Online Survey Table for intervention specific links

Statewide DE Evaluation Decision Tree
Survey links are custom for your program and DE intervention(s)

MICHIGAN FITNESS FOUNDATION

Other information:
- On the Partner Portal you can find protocols for both Scantron® and online versions, translated versions of surveys, and the survey for participants with cognitive disabilities.
- For Scantrons®: Check your current stock and complete the Scantron® ordering form on the Partner Portal. Use barcoding instructions in Partner Portal, which will include a code for intervention.
- This is the statewide evaluation designed for your program. Additional program-specific evaluation could occur.

Contact project manager for:
- Any questions
- Interventions are added or removed to your program
- Survey link(s) don't work

Online Survey Links:
- Links are specific to each intervention for each age group listed on your project summary.
