Complaints of Discrimination

Complaints of discrimination allege that the applicant or participant was treated differently because of his/her age, color, disability, height, genetic information, marital status, national origin, partisan consideration, race, religion, sex, sexual orientation, weight, or gender identification or expression.

Complaints of Discrimination

Michigan laws have nondiscrimination provision that go beyond Federal protections. If someone feels they have been discriminated against based on a Michigan-specific protected class, the complaint **MUST** be handled by the state since the Federal government would have no jurisdiction. The Michigan-specific protected classes are: height, genetic information, marital status, sexual orientation, weight, and gender identification or expression.

Complaint Procedures

- Participants must file a complaint within 180 days of the alleged action
- Michigan prohibits retaliation against an individual for exercising their right
- If you receive a complaint of discrimination at the local level, immediately forward the complaint to Marci Scott, Vice President of Programs at the Michigan Fitness Foundation. MFF, in cooperation with the State of Michigan and the USDA FNS, will investigate the allegations and prepare a response.

Complaint Procedures

SNAP-Ed participants may also ask to file complaints directly with the State of Michigan or the USDA. Please provide them with the following information:

Compliance Reviews

The Civil Rights compliance review is a component of the FNS Management Evaluation (ME) process that is conducted on an ongoing basis for all FNS programs.

Two type of Civil Rights compliance reviews

- Pre-award
- Post-award

Compliance Reviews

Pre-award:

- FNS or State agency must determine that all local agency or subrecipient program applicants are in compliance with Civil Rights requirements prior to approval for federal funding
- Determinations are based on a desk or onsite review of Civil Rights information provided by the program applicant

Compliance Reviews

Post-award (routine): FNS and State agency must conduct routine compliance reviews as identified by FNS Instruction 113-1 and program-specific regulations and policies. The full 113-1 document is available on the Civil Rights Training section of the MFF SNAP-Ed website

Sample post-award review questions:

- Do printed materials contain the civil rights / nondiscrimination statement?
- Is the *And Justice For All* poster displayed appropriately?
- Are program informational materials available to all?
- Is data on race and ethnicity collected appropriately?
- How are participants advised of their right to file a Civil Rights complaint of discrimination?
- Are reasonable accommodations appropriately made for people with disabilities?
